

Now you can choose telephone products in the same way as you choose all your other household items. You buy your telephones outright and you only pay rental on the exchange line.

All Argos telephones are fully approved for use with British Telecom systems. They plug straight into the new style B.T. jack-socket.

What if you don't have the new style British Telecom jack-sockets? Simply telephone your local B.T. sales office and they will arrange for installation. They will convert all your existing telephone connection points to the new jack-socket system for a small charge.

Remember, when you buy your phone, you only pay rental on the exchange line.

* Inphone, Simitel and Viscount are all Trade Marks of British Telecommunications.

1. "Simitel" One-Piece Push Button Telephone from British Telecom's In-Phone Series". One-piece phone with last number re-dial.
